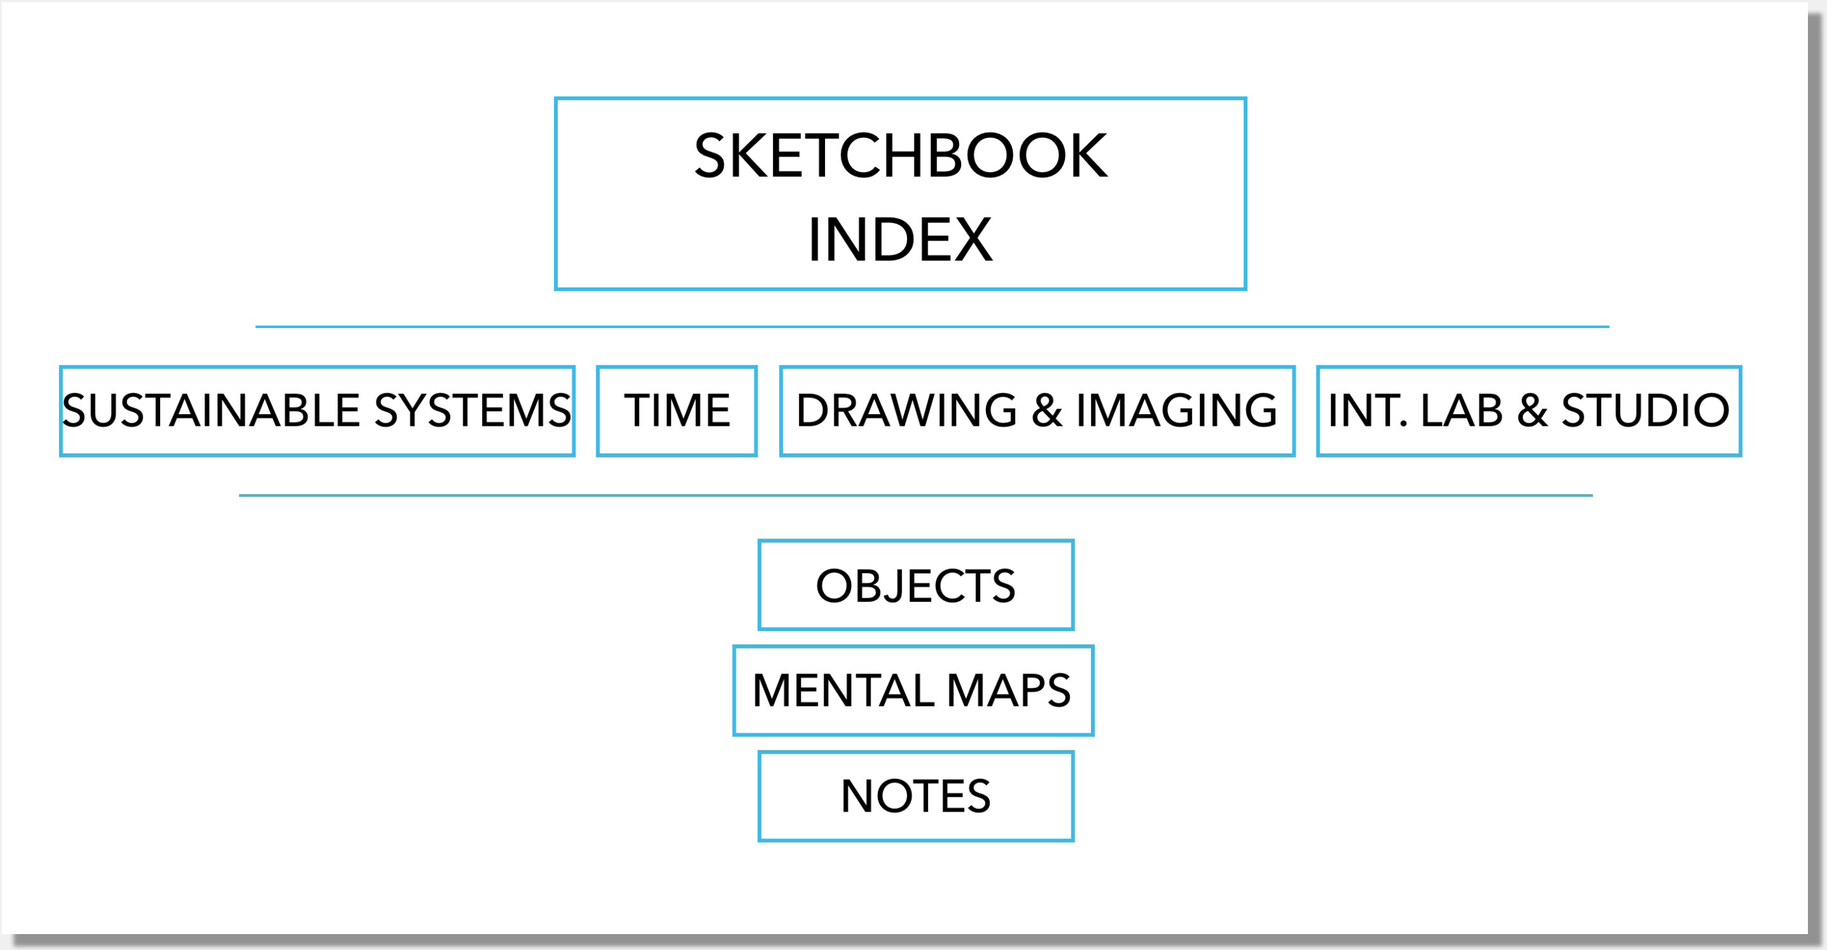
Archives Presentation

02 21 2016

WIREFRAME

There is an index where all works are presented randomly, and links for the main pages which are divided in the classes to which the sketchbooks belong to.



The images on this columns will move up and down according to the mouse movement.

INDEX EX.1

The links to the class pages will be linked to the names shown like the one in the yellow box. They will light up when hovering over them to make it clear that it is a link.
